**Subject:** Instructions on not transferring voters

If your county is not conducting a federal runoff election on July 24, 2018 (and the only five counties which *are* consist of

Cobb, DeKalb, Forsyth, Fulton, and Gwinnett) you should NOT transfer voters between now and the runoff election.

These above-listed five counties *will* be transferring voters into their counties until the federal voter registration deadline of June 25, 2018.

Counties that are not conducting a federal runoff may continue to process new applications (*but not transfers*).

If you are unsure about these directions, please contact your liaison.

As a reminder, the new voter registration deadline of June 25, 2018, applies only to federal runoff elections. This deadline only applies in counties with federal runoffs on the ballot. In all other counties except for Cobb, DeKalb, Forsyth, Fulton, and Gwinnett, a voter who registered after the April 24, 2018, state voter registration deadline will have to wait until the November general election to vote.

I sent out two OEBs late this afternoon regarding "Pending" voters.

Please review each carefully.

The first OEB is a practical instruction of how to deal with a "Pending" voter at the polling place.

The second OEB is more detailed information on the requirements to process "Pending" voter registration applications and finalizing their voter registration status.

We will let you know as soon as Credit for Voting has been given, but until then, please do not transfer voters to/from counties.

This process can be expedited by everyone returning their ExpressPoll memory cards to KSU immediately.

### Another Election

In addition, four counties (**Murray, Pickens, Gordon, and Whitfield**) get to do *another* election on December 13, 2016 for an open Senate Seat in District 54, so those counties will be off-limits for transfers for even longer.

There are still two runoff elections pending that will require restraints in transferring voters to/from these counties.

Portions of **DeKalb**, **Cobb**, and **Fulton** will have the runoff for the 6th Congressional District on **June 20, 2017**.

Portions of **Cobb** and **Fulton** also have State Senate District 32 runoff on May 16, 2017.

Please contact these counties if you have questions about transferring voters until **June 20, 2017**.

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 5/22/2017 8:59:27 AM

### Different Voter Registration Deadlines

There are multiple elections on June 20, 2017, but there are actually TWO DIFFERENT registration deadlines.

In the June 20, 2017, 6th Congressional District runoff election (**Cobb, DeKalb, and Fulton counties**) the voter registration deadline was specifically set for **May 21, 2017** by Judge Batten.

For June 20, 2017 special elections held in the following counties, the voter registration deadline is TODAY, **May 22, 2017**.

**Atkinson**

**Carroll**

**Coffee**

**Habersham**

**Turner**

Transferring a voter *out of* these counties after the respective deadlines will render the voter ineligible to vote in the special election.

If you have questions about transferring voters from these counties, please feel free to call me or your county liaison.

**Subject:** Voter Participation Center (VPC) Voter Registration Applications are coming

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 8/29/2017 8:56:31 AM

The Voter Participation Center (VPC) has started sending partially pre-filled voter registration applications to people in Georgia.

The Voter Participation Center is not affiliated with the Georgia Secretary of State's Office, and is a voting advocacy group whose stated goal is to help register voters.

In very broad terms, they compare current voter lists with other source material to try to identify unregistered people, and then they send those people a voter registration application that is partially pre-completed with name and address. Problems can arise when people use nicknames or names other than their voter registration names and the names do not match voter registration lists.

I received one of their applications last year. Here's how:

I am registered to vote as William C. Harvey, but, I have always used "Chris" as my name, and "Chris" appears on things like magazine subscriptions and catalog mailing lists. When VPC sees that Chris Harvey lives at my address, but they don't see him registered to vote, they think he's an unregistered voter and send him a partially pre-filled voter registration application.

Confusion and alarm can be generated among recipients when deceased people or underage people, or even pets (none of whom appear on voter lists, but can still receive mail and catalogs and other mass mailings) get these partially pre-filled applications, and the recipient thinks someone is trying to register to vote dead people, children, or animals.

The VPC applications (as they come to the prospective voter) do not contain confidential information. That information (DL#, DOB, SSN) and a valid signature may be provided by the applicant as for any voter registration application. There is nothing illegal about what the VPC is doing, and any completed voter registration application is sent to the

Secretary of State's Office and forwarded to the respective county, just like any other application.

I have copied below the text that our office is using to communicate with voters who ask about the VPC forms. It contains contact information for VPC so that anyone who wants to contact the organization may do so.

As always, if you have questions or concerns, contact our office.

---

You may have recently received what appears to be a partially completed voter registration form in the mail. **This form was not mailed from our office.** We do not mail out partially completed voter registration applications. You received this form from the non-profit Voter Participation Center (VPC). It is an organization with the stated goal of increasing voter participation.

Failing to return this form does not mean you will be removed from the list of voters. If you are concerned about their use of your voter information or registration status, you can verify your voting record using our office's "My Voter Page" (MVP) for registered Georgia voters. If you are interested in completing the form that you received, you can submit it to The Georgia Secretary of State's Office, and we will promptly and securely forward the application to your county registrar.

If you would like to know more about how your information was obtained and why you were contacted, or if you are concerned about inaccurate information, you should contact the Voter Participation Center directly. You can visit their website at [www.voterparticipation.org](http://www.voterparticipation.org). Their contact information is below:

The Voter Participation Center

Phone: 202-659-9570

Fax: 202-659-9585

Email: [info@voterparticipation.org](mailto:info@voterparticipation.org)

Lastly, VPC has provided the number of mailings that they are planning to send to each county. The numbers of applications per county are represented in the chart below.

Also, credit for voting has been given for the HD 175 Special Election last week in Thomas, Brooks, and Lowndes counties., and voters can be transferred from those three counties.

**Subject:** Voter Participation Center Voter Registration Applications to be Mailed Soon

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 3/8/2018 9:10:48 AM

The Voter Participation Center (VPC) sends out partially completed voter registration applications to voters in Georgia who they believe are not registered to vote. Recipients of these letters get a partially completed voter registration application, usually with name and address completed, but needing all other PII (date of birth, SSN, driver's license number, etc.) to be supplied by the applicant.

The VPC is not affiliated with the Secretary of State's Office.

One unintended consequence of this process is that sometimes mail will be sent to deceased individuals, non-citizens, people registered under a variation of a name, underage people, and possibly even pets.

For Example:

My legal and voter registration name is William C. Harvey, but most of my personal mail like magazine sand catalogs are addressed to Chris Harvey. Two years ago, I got a letter from VPC because their records showed a "Chris Harvey" living at my address who was not registered to vote in DeKalb County. Of course, they didn't know that "William C." was the same person as Chris.

I simply shredded the paperwork and the matter was over. However, for people who don't understand this, and with the concern about data and security so heightened, these mailings sometimes give recipients some concern and can prompt phone calls and emails with suspicion of fraudulent activity. Usually, an explanation of the process satisfies most complainants.

I have placed below the text of the letter that will be sent out by the VPC to recipients.

Note that near the bottom, there is an email and a phone number for people to call with questions, concerns, or complaints.

Below that, I added a list, by county, of the pieces that will be sent to each county. Almost 300,000 pieces will be coming into Georgia in the next few weeks.

I encourage everyone to be prepared to respond to questions from your constituents about what these mailings are.

If you have questions or concerns, please let me know.

Chris Harvey

RE: Your Voter Registration Status

According to our review of publicly available records, you no longer reside at ADDRESS but do not appear to be registered to vote at your new address. Georgia law requires voters to update their registration if they have moved and want to vote at their new address.

If you have already registered at this address or are ineligible to vote, please disregard this notice. Otherwise, please fill out the enclosed registration form and send it in the pre-addressed, postage-paid envelope provided.

**Subject:** Potential Voter Registration Telephone Scam

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 10/1/2018 4:56 PM

We have been notified of a potential scam in some states involving telephone calls attempting to register people to vote over the telephone. Some of the callers are supposedly from TurboVote, but TurboVote is not responsible for these calls.

Of course, one cannot register to vote over the phone in Georgia, and attempting to do so could cause the applicant to reveal personal identifying information to an unknown source over the telephone.

In case you get calls from your voters asking about this, please contact our office and let us know. We are not aware that this is happening in Georgia as of this time, but forewarned is forearmed.

**Subject:** Issues with DDS

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 10/5/2018 2:51 PM

We are aware of current difficulties DDS is experiencing with some new applicants for drivers licenses and ID cards.

This difficulty is limited to people who are not already in the DDS system such as new, out of state drivers or young people applying for a Georgia driver's license or ID card for the first time. Also, a current licensee whose license has not be updated to a "real ID" license with proper documentation cannot be processed in the DDS system.

Online Voter Registration (OLVR) and the SOS mobile app are still working for people who already have driver licenses or ID cards and want to register to vote and/or make changes to their voter registrations before Tuesday's deadline.

People applying to vote for the first time who are not in the DDS system can still complete a paper voter registration application through OLVR and print, sign, and mail it in, or they can complete a traditional form by hand and return to by the registration deadline.

The previous plan was for DDS Offices to be closed on Saturday in observance of the Monday holiday, but DDS is considering opening offices this weekend and possibly on Monday to mitigate the ill effects of this unexpected outage. DDS will provide updates as the situation is clarified.

We are in regular communication with DDS on this issue, and we will provide updates to this situation as we get them.

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 10/11/2018 4:21 PM

I want to remind everyone that the incoming voter registration applications (paper, DDS, OLVR, etc.) need to be processed as quickly as possible.

We expect all applications to be processed by October 18, 2018.

We are planning to execute the Express Poll data drop-off on Friday, October 26, 2018, and will send out additional details on that process as we approach that deadline.

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 10/23/2018 12:45 PM

There is an important Official Election Bulletin (OEB) that goes into detail on how to handle voters in "Pending" status at elections.

This OEB is a continuation of a process that was begun in 2016, but it is important that your staff review these procedures.

The OEB is under Official Communications>Official Election Bulletins>2018 OEBS. The OEB is titled [Handling Pending Verification Registrations At Voting Locations](#).

If you have questions, please contact our office.

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 11/2/2018 6:00 PM

There is a new OEB as required by a federal judge's order today that describes the procedure for a poll manager, independent of a registrar or deputy registrar, to verify citizenship for voters in "X" status.

It is important that all poll managers are informed of this new procedure.

We will be available to answer questions Monday, but the OEB is self-explanatory.

Also, the list of documents that are proof of citizenship must be posted at all polling places, and that document is on the same folder as is the OEB and a copy of the judge's order.

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 12/5/2018 2:10 PM

Thanks to everyone for executing such a smooth runoff election yesterday.

As a reminder, please do not transfer voters until the December 4<sup>th</sup> runoff election is certified. Transferring voters may interfere with provisional ballot research and credit for voting for the December 4<sup>th</sup> runoff.

However, there is a special primary election in House District 14 (Floyd and Bartow Counties) set for December 18<sup>th</sup>. In order to prepare the Election Day ExpressPoll files for this special primary election, Floyd and Bartow Counties need to start transferring voters into their respective counties today. If you have questions about provisional research or credit for voting for a voter transferred to Floyd or Bartow Counties, please contact your liaison.

We will also be posting information about the Ballot Run today or tomorrow, but you can "save the date" for Tuesday, December 11, 2018 for the Ballot Run.

HB 316 is now law.

I have placed a new OEB that specifies changes in ENET to the Felon Cancellation Process and the Pending Verification Voters processes that have to change in ENET.

The most immediate takeaway is the all felons whose voter registrations are being cancelled must be given 30 days notice BEFORE their voter registration is cancelled. ENET will change for this, and our office will provide detailed, specific training sessions once ENET is amended.

The following counties are having special elections on June 18, 2019.

The registration deadline to register to vote in these elections was yesterday (May 20, 2019.)

Do not transfer voters from these counties if they have a registration date earlier than May 20, 2019.
